

POE Adapter 802.3af/at Mid-span Mode Model 4812-8E

specification

Model	4812-8E
Color	Black
Body Material	ABS (acrylonitrile-butadiene-styrene)
Dimensions	150 X 62X 30 mm.
Package Type	Poly Bag / Paper Box (Optional) /With AC Cord (Optional)
Weight	~200 g
Input voltage	AC 100V-240V Frequency 50~60Hz (47Hz~63Hz) 0.4A
Leakage current	<5 mA
DC Output	48V± 1% 1.25A (Max) 60W
Ripple and noise (mvp-p)	<1% of the output voltage
temperature coefficient	± 0.02% °C
start time	<1S (AC 220V Load 10%) , <3S (AC 100V Full Load)
POE Type	10/100T , 802.3af ,802.3at Mid-span Mode
Operating Temperature	0 ~ 45 °C, 20% ~ 90% RH
Storage Temperature	-20 °C ~ 85 °C 10% ~ 95% RH
Safety protection	over voltage and current protection for power adapter
Application	CCTV camera ,IP Phone, Access Point, and so on .All Support 802.3af Mid-span Mode
